South Georgia Pecan Company  
2220 East Hill Avenue  
Valdosta, GA  
31601

To whom it may concern,

My name is Freddy Sublett and I am currently employed at South Georgia Pecan as the Safety and Training Manager. Though I have been employed her for three years, I was previously a high school teacher and coach at Echols County High School for eighteen years

I am writing this letter in regard to Dung Le. In my time at South Georgia Pecan, I have gotten to know Dung and his caliber of work. Dung started as a floor hand and was quickly promoted to Data Engineer and also as an Inventory Control Specialist of his department. His relentless work ethic and his ability to absorb knowledge about his area and our plant has been impressive to say the least.

Dung has been an asset to our facility on the floor and in the office area where he applies his technical knowledge and computer skills in helping and troubleshooting computers problems for his peers. Along with his Jovial personality, Dung's attendance is equally impressive as his work ethic. Overall, I believe that Dung is an upstanding and a good young man.

Thank you for your time,

Freddy Sublett,  
Training And Safety Manager  
South Georgia Pecan Company.
